

Desde el departamento de Lengua inglesa os proponemos:

Esta manualidad para trabajar en Inglés, os damos las instrucciones, para que las repitáis al mismo tiempo que trabajáis. La actividad estará descrita más abajo en español también, para vuestra comodidad, pero recordáramos que el objetivo es que repitamos tanto las órdenes, como el nombre del material en inglés. Recordamos que las tijeras sólo las manipulan los adultos.

Supplies for your paper plate rainbow

- Paper plate
- Craft paint - *red, orange, yellow, green, and blue*
- Paint brushes
- Glue
- Cotton balls
- Scissors

Directions to make your paper plate rainbow

STEP 1: Gather your supplies

Before you get started - gather up all your supplies! Toddlers can get pretty antsy quickly and this helps to decrease the chance of that happening before the craft is finished. If your toddler is still at the putting everything in their mouth stage I would advise using non-toxic children's paints.

STEP 2: Prepare paper plate

To get started, prepare the paper plate by cutting it in half.

STEP 3: Paint paper plate

Next, start painting a strip on the outside edge of the paper plate with red paint.

Continue with orange, yellow, green, and blue - as shown below. Allow time to dry.

Encourage your toddler to look at a picture of a rainbow so they can see the shape and colour of a rainbow. Take this opportunity to help your child develop their colour recognition skills or learn the colours of the rainbow.

STEP 4: Finalise paper plate rainbow.

Once you've done that, cut a 2-inch strip of your scrap paper plate and glue it under the back of your rainbow.

Then, glue cotton balls on the ends of the rainbow and cut off any excess paper plate.
